

LiveText Update

LiveText will replace Alverno's DDP in the fall of this year.

The Technology Steering Committee reviewed data and feedback from the LiveText pilot group and decided to proceed with a full implementation of this exciting new ePortfolio system. Many thanks to the students, faculty and staff who participated in the pilot! Tech Services will be working over the summer to create faculty and student accounts and develop training materials. Faculty training will take place during fall institute.

Opportunities to Learn About LiveText

- **May Institute Concurrent Session – May 27, 9 a.m. and repeated at 10 a.m.**
- August – Sessions for new and part time faculty
- **August Institute – All faculty training**
- August/September – Student training
- **LiveText 101 – videos and print materials for faculty and students linked to Moodle**

DDP Timeline

Alverno's Digital Diagnostic Portfolio will not accept new key performances after this summer. Students will be encouraged to download DDP portfolios and upload work to their new LiveText accounts.
