

6 Develop a global perspective

Level 1 — Assess and articulate own knowledge about the world and identify useful strategies for developing awareness of others

Level 2 — Use course concepts to describe world's diversity and interconnections

Level 3 — Apply disciplinary concepts and frameworks to understand the influences and implications of diversity and global interconnectedness

Level 4 — Articulate understanding of globalization and international relationships drawing on varied perspectives and personal reflection

In majors and areas of specialization:

Level 5 — Integrate own global perspective with theoretical approaches to generate a pragmatic response to topics with global dimensions

Level 6 — Independently generate theoretical and pragmatic approaches to global problems within and across disciplinary and professional contexts
